extravagant worship

Sunday, July 12 ~ 10 am

Today Paul's ministry is as worldwide as his music. "God's grace is truly amazing, as we have ministered in more than sixty nations, recorded in four languages, and have witnessed thousands set free by the power of God's love.

"As we travel to the nations, we seek to bring a larger expression of the Kingdom of God..."

Paul's album, "The Watchman" was recorded at Cornerstone Church in San Antonio with Pastor John Hagee. It has since been re-recorded in Spanish with live audiences in Costa Rica and Guatemala and is called "El Shaddai."

The plans are set for another new recording from Paul and Integrity Music during the Feast of Tabernacles in Jerusalem, Israel, 2009.
